E-prescription annual subscription \$400 per provider [Dr. First Rcopia database service]

### Customer Quote:

"Just newly converting our practice to EHR, we have found Practice Tracker to be extremely flexible. From customizing our physician notes to adding a special referral form for each HMO we work with. The billing side of Practice Tracker has been flexible as well. The Practice Tracker group are all about problem solving and goal reaching."

- Cindy Ferris, Practice Administrator, Professional Urgent Care & St. Therese Medical Group, CA

## PracticeTracker™ Add-on Services

Please contact us for these billing, claims, data transition related services in addition to PracticeTracker™ software on the cloud. Tranquilmoney has 10 years experience in providing these professional and friendly services to many doctors and practices.

Service	Description
E-Prescription	Electronic prescription to pharmacies. Includes formulary check, alerts on drug-drug and drug-allergy interactions (Dr. First Rcopia database)
Credentialing Support	Provider is enrolled with requested insurance carriers
Support for MU Incentive	Paper work for applying for MU incentive done and guidance given for meeting requirements for getting incentive
